## Student/Parent Handbook

### **Civil Rights Compliance Officers**

Superintendent – Dr. Jim Millet  
HS Assistant Principal – Chip Amicone

### **Statement of Philosophy**

The purpose of the Garaway Schools is to discover and to assist in the development of all children, regardless of race, religion, economic level, or vocational ambition.

Education at Garaway is intended to serve the student now by providing opportunities for intellectual, physical, moral and social development based upon the experiences of our democratic culture. By instilling self-respect and self-acceptance, the individual is led to a wholesome recognition of the feelings, opinions, rights and contributions of others, plus a desire to cooperate with all members of the world community.

So far as it is possible, the students in Garaway must be provided the basic knowledge, skills, habits, understandings, methods of attacking problems, actions, patterns, and appreciations which are necessary for his/her individual welfare and for service as a citizen in a progressive society.

### **Visitors**

Board of Education Policy requires that all visitors to the school report to the school office before going to a classroom. Parents should call the school office in advance if they would like to visit.

### **Open House**

Open House will be held in each building in the fall. Classrooms are open for the public to visit and learn about various school programs.

### **Registration/Withdrawal**

Forms are completed at the building where the student will be enrolled. Ohio Law requires the parent to present the child's birth certificate at the time of enrollment. We also need the social security card, immunization records, and custody papers (if applicable).

Parents of students transferring or withdrawing to another school are asked to notify the school office.

If you move, get a new home or business phone number, or wish to change persons to be contacted in the event of an emergency, please submit such changes in writing to the school.

### **Assignment Within District**

Students may be assigned to schools other than those designated by the attendance areas when such exceptions are justified by circumstances and is in the best interest of the student. Every effort shall be

made to continue a student in the elementary school to which he/she is initially assigned. Wherever possible, siblings shall be assigned to the same building.

Incoming transfer students shall be assigned to such schools as may afford each student the greatest likelihood of realizing fullest educational potential.

### **Kindergarten Registration**

A child who is five years old on or before August 1<sup>st</sup> is permitted to enter kindergarten. Some parents choose to have their child wait until the following year to enter. A week in spring is set aside for kindergarten registration. Parents are asked to bring the child's birth certificate, social security card, immunization records, and custody papers (if applicable).

### **Immunizations**

Each student should have the immunizations required by law or have an authorized waiver. Any student not in compliance by an annual set deadline of 15 school days from the start of school may be removed from school. Information regarding required immunizations can be found at [www.odh.ohio.gov](http://www.odh.ohio.gov). Search school immunizations.

### **No Nit Policy**

Garaway supports a "no nit" policy in order to stop the spread of head lice in the event of an outbreak. If a student has head lice or "nits" (lice eggs), they will not be permitted to attend school until this condition clears completely, which means no nits or lice seen. The school office should be contacted immediately if a student has nits or lice.

### **Attendance**

The Board of Education requires that the students enrolled in the schools of this District attend school regularly in accordance with the laws of the State. The educational program offered by this District is predicted upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

#### ***Attendance Procedures***

Consistent attendance is a desirable habit that is essential for promotion and success in a student's schoolwork. While enrolled in school, the student's number one job is attending classes regularly and fulfilling all class requirements. When school is in session and a pupil is not present, he or she is counted absent regardless of the reason for the absence.

*Excessive absence has an effect on a student's grades.*

#### **A. Attendance Procedures**

*If my child is absent a parent can execute one of two options.....*

1. **Email Option** - Email the school secretary the student's name, grade, and reason for absence. This **WILL** count as authorization for absence and as a hard copy of written note. If the office is emailed, **NO** written note is necessary upon return to school.
2. **Phone Option** - Call the school office to authorize student absence. The student will then be responsible for bringing a written note to the attendance office upon returning to school in order to be considered an excused absence. After 3 days without a note, the student will be marked as unexcused and unauthorized. The phone call and note needs to include the following information: student's name, grade, and reason for absence.

**\*An automated call will occur at 10:15am for all unauthorized students.**

1. Parents must use either the Email or Phone options or send a note if a student is absent for all or part of a day. If the parent sends a note, the note will be brought to the attendance office in the morning or upon their return to school.
2. If the student was kept at home due to an emergency, the parent/guardian must explain the nature of the emergency. This can be done with a phone call or email to the principal or school office.
3. If a student has required medical attention, please include documentation from the doctor. **If it is necessary for a student to miss 30 or more consecutive hours (5 days) due to illness or injury, a medical excuse from a doctor will be required.** If a student has a chronic medical condition, which requires the student to be absent periodically, a physician should document this situation.
4. Students who do not provide a written excuse when returning from an absence will be issued an unexcused absence slip. Students who have been given an unexcused absence slip because they did not provide school officials with a written excuse upon their return to school must provide a written excuse on the next day that they attend school, or they will be considered unexcused and/or truant.

## ***B. Types of Absences***

### **1. Authorized vs Unauthorized**

- a. Authorized Absence - A parent/legal guardian has made contact with the school to verify the whereabouts of an absent student
- b. Unauthorized Absence - No contact has been made to the school by a parent/legal guardian to verify the whereabouts of an absent student.

### **2. Excused vs Unexcused**

- a. ***Excused*** - One of the reasons listed in Sections C must apply to the absence.
  - i. Excused Absences - A student who has an excused absence will have the equivalent number of days to make up any missing work.
    1. Examples:
      - a. A student misses three days of school, he/she will have 3 days to make up the missing work for full credit.
      - b. If a student misses 3 days and a quiz was given in a class on the first day the student was absent, said student has 3 days to make up that quiz. That quiz does not have to be made up the first day the student is back in school.
- b. ***Unexcused*** - A student is absent for a reason other than those listed in Sections C and D; in addition, it was not approved by the principal.
  - i. A student who has an unexcused absence will NOT be given credit for any work missed while he/she was out.

## ***C. Reasons for Excused Absences from School***

1. Personal illness (The principal may require a doctor's confirmation if s/he deems it advisable.)
2. Illness in the Family
3. Quarantine of the Home
4. Death of Relative
5. Absence during the School Day for Professional Appointments (Student shall bring a signed statement from the doctor, dentist, lawyer, counselor, etc. to the effect that s/he reported promptly for the appointment)
6. Emergency at Home (Validity determined by the principal)
7. Observation of Religious Holidays
8. Field Trips – students may not attend field trips if there is an attendance issue or fees need to be paid
9. Athletic Tournaments - Student athletes will be permitted to attend state tournaments in the sports which they participate. Other students may be permitted to attend state tournaments when Garaway High School athletes are participating in state tournaments.
10. Hunting - Students will be permitted one day for hunting with parent permission and the presentation of a valid hunting license.
11. 4H/Fair - Judging days at the county fair will count as field trip days. Other fair days are also permitted as excused absences for 4H members.
12. Family Vacations - Vacation travel may be quite educational in its own right; however, there is no legal provision in the Ohio Revised Code permitting schools to grant students excused absences from their classes in order to travel on vacation. Schools are permitted, however, to stipulate the conditions under which they will permit student absences for reasons other than those explicitly stated in the Revised Code. Since many families cannot always plan vacations to coincide with school holidays, Garaway Local Schools will **excuse** students for family vacations as long as the family agrees to the conditions below and provides the requested information prior to

departure from school. NOTE: This may lead to student being excessively absent as defined by ORC 3321.191.

1. We ask parents to consider seriously the effect extended absences may have upon a student's school progress.
2. Teachers are not obligated to prepare work for students to take with them.
3. Parents and students assume full responsibility for any tests or assignments missed during the period of absence. Assignments, if given, are due on the day of return to school in order to assure the teachers that the student is abreast of the classroom activities.
4. Teachers are not obligated to permit make-up work if proper arrangements have not been made prior to departure.
5. No student will be **excused** to be absent from school to go on vacation unless that student is accompanied by his or her parent(s)/guardian(s), even though the parents of that student have given permission for that student to go on vacation. Students are authorized to be absent from school for the purpose of vacation travel to accommodate parents whose vacations cannot be scheduled when school is not in session. Therefore, students who are on vacation and are not accompanied by their parent or parents will be marked authorized but unexcused during the time of their absence. ANY VARIATION FROM THE ABOVE STATED GUIDELINES MUST BE APPEALED TO THE BUILDING ADMINISTRATOR/ATTENDANCE OFFICER PRIOR TO THE ABSENCE.

13. College/Career Visits (**Prior approval by principal/assistant principal**) – Students may use two days of excused absences for these visitations. Verification from the College/Career is required upon return. Additional visitation days will need to be approved by the principal.
14. Observance of Religious Holiday/Religious Trip

#### **D. Excessive Absenteeism**

*Through the following steps and procedures, we hope to pinpoint and address attendance issues, if one, before they become a chronic absence. The plan is to correlate both academics and attendance in the success of our students now and preparing them for the future. It is vitally important to include the parent(s)/guardian(s) along with the student to maximize a positive and consistent attendance routine. Our goal is to reduce the number of students who become a habitual and chronic absence which in return will improve Academic Success!*

*The parents or guardian of students with excessive absences will be informed through:*

##### **1. 30 Hours:**

- i. The student will be called into the office to complete ODE's *Attendance Works* Questionnaire to pinpoint possible reasons why their attendance has become an issue.
- ii. The student will complete ODE's *My Attendance Success Plan* through Attendance Works.
- iii. Attendance Officer and/or Administrator will explain the 42 hours absence connection to taking Final Exams at the end of the school year.

##### **2. 42 Hours:**

- i. A 42 Hour Letter will be sent home to the parents/guardians.
- ii. Signifies ALL Final Exams will be taken at the end of the school year.

##### **3. 65 Hours:**

- i. Requires parent/guardian involvement; the Parent/Guardian **MUST** meet with the Attendance Intervention Team.
- ii. Parents/Guardians receive ODE's *Attendance Works Handout for Parents/Guardians*.
- iii. ODE's *My Help Bank Handout* is completed with attendance intervention team, parent/guardian, and student.
- iv. Student must meet with Absence Intervention Team (Attendance Officer, Administrator, Teacher, Guidance Counselor, and Student.)
- v. A 65 Hour Letter will be sent home to parents/guardians.
- vi. Students must have a doctor's note for all absences to be excused.

##### **4. 90 Hours:**

- i. All Field Trip and Non-Absence Days will be revoked; on such days student will complete missing work from their previous missed days of school.

*The attendance officer or principal may file charges in juvenile court when:*

1. A student misses 30 consecutive hours of school
2. A student misses 42 hours of school in a month
3. A student misses 72 hours of school in a year

### ***H. Students Leaving School during School Day***

No student is to leave school prior to the regular hours of dismissal except with the knowledge and approval of the administration and of the student's parents. No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by the administration.

### ***I. MakeUp Opportunities***

Students will be given the opportunity for making up work missed due to approved absences. The length of time for completion of makeup work shall be commensurate with the length of the absence. Students will not be given the opportunity to makeup work due to truancy or some out of school suspensions.

## **Departures/Returns During School Hours**

When doctor or dental appointments or other commitments cannot be scheduled outside of school hours and the child has to leave school during the regular school hours, the parent is requested to send a note the morning of the day the student is to be excused. The note should include the name of the person picking up the student and the time of dismissal and return. Students need to be signed in or out at the school office. Upon return to school, please send in a note from the physician documenting the visit.

## **Vacations**

It is recommended that vacations be scheduled when school is not in session. Students are permitted to go on vacation during the school year without penalty. The purpose of this policy is to accommodate parents who must take their vacations during the school year and the desire to enjoy that time as family. The school must be given ONE WEEK advanced notice by parents and student(s). A student's absence for a vacation will be approved only when he or she will be in the company of his or her own parent, but not other students' parents.

## **Medications**

According to the state law, if it becomes necessary for a student to take any prescription medication, a parental request and physician notice for administering the medication must be provided to the office. All medication will be kept in and dispensed through the principal's office, unless other arrangements are made with the principal. Any student taking non-prescription medication at school must have the proper form filled out, according to Board Policy.

## **Illness or Injuries**

Staff members refer pupil health concerns to the school office. In the event of an accident or illness requiring consultation, attempts are made to contact parents. When a parent cannot be reached, the school refers to the Emergency Medical Authorization form filled out by parents at the beginning of each school year.

In the event a child has a fever: Please make sure your child is fever-free for 24 hours without medication before returning them to school.

## **Personal Items**

Please label all outer clothing such as hats, gloves, boots, jacket, lunch boxes and bags with the student's full name and room number. Please label all school supplies. It is best if children do not bring extra money to school. Carrying or wearing items of considerable value is also discouraged: Game Boys, Ipods, CD players, etc. should NOT be brought to school.

A Lost and Found is located in each school office. Children should be encouraged to check in the office for missing articles. Labeling is very important in helping locate lost items.

### **Telephone Use**

Due to heavy demand on the telephone in the secretary's office, students are discouraged from using the office phone unless there is an emergency.

### **Fines for Damaged or Lost Textbooks**

Students are responsible for textbooks that are assigned to them. If a textbook is lost or if damage exceeds normal wear, the student will be charged for an amount based on replacement or repair cost.

### **Library Charges**

Students will be charged for lost or damaged library books at the end of the school year.

### **Breakfast and Lunch**

Breakfast is available for students each school day, except when there is a delayed start.

Hot lunches are served in each building every school day. Menus are sent home in advance. Pupils may bring a packed lunch from home.

Breakfast, lunch and milk prices are set by the Board of Education and are published on the first day of school. Lunches may be purchased on a daily or a weekly basis or longer.

A Federal free and reduced lunch program is available to qualifying families. Application forms are sent home at the beginning of the school year.

### **Emergency Closings**

Emergency school closings caused by severe weather or other conditions will be announced on the following radio or TV stations:

WKLM 95.3 FM      WJER 1450 AM  
WTUZ 99.9 FM  
TV Cable Channel 2; Channels 3, 5 and 8

Garaway is also using an automated calling system to notify parents of school closings and delays. Please make sure that your phone number on file in the office is current so that you receive these phone calls.

### **Fire, Tornado and Safety Drills**

Fire, tornado, and safety drills are held in compliance with the Revised Code of Ohio. The drills are planned to provide practice at varying times and under different conditions. It is encouraged that similar drills be practiced at home.

## **Building Rental**

The school building, and more specifically, the gymnasium, is available for rental by the local public provided there is a school district employee on hand. Proper forms, cost of rentals, and other information can be obtained in the school office.

## **Bicycles**

In accordance with the Garaway District Policy, students in grade three and up are permitted to ride bicycles to school under permission from the building principal.

## **Electronic Devices**

Electronic devices such as, but not limited to, cell phones, pagers, MP3 players, personal stereos, game systems, remote controlled devices (drones, radio controlled helicopters, etc.) etc. are not to be used during school hours. Wearable technology needs to be kept in bags, not worn by students, during testing (i.e. Apple watch). Students are discouraged from having electronic devices at school to avoid loss, damage or theft. The school is not responsible for lost, damaged or stolen devices and administrative time may not be spent investigating the disappearance.

## **Dress and Grooming**

Students are expected to be clean, decently attired, well groomed, and dressed in a manner that does not cause undue attention or disruption. For reasons of safety, health and decency, Garaway students must abide by the following:

1. Skirts, dresses, culottes, and shorts are to be worn at a length that is decent and in good taste with the length being at least to the mid-thigh. Shorts may be worn until the end of October in the fall and starting April 1<sup>st</sup> in the spring.

11. Hats are not to be worn in the building during school hours.

A student may be asked to change out of any article or remove anything, which in the judgment of the principal, is a distraction to the educational setting.

This Dress and Grooming Code applies to all Garaway Elementary School students whenever they choose to participate in school activities.

## **Student Discipline**

The Board of Education believes that discipline in the school setting provides each student with the most favorable atmosphere for learning. It recognizes that the incorporation of limits and controls by individual students is an important part of the learning process. It believes that limits on the individual are necessary for the orderly function of any society. Rules and regulations are necessary for the development and maintenance of an orderly and safe environment that is conducive to teaching and learning.

Violation of school rules may result in disciplinary action, which may include parental contact, detention, emergency removal, suspension, referral to legal authorities, or expulsion.

No matter where children go or what they do, they will find certain regulations to guide them. Naturally, there are rules and regulations at Garaway Elementary Schools. They are meant for the student's benefit.

Student conduct at all times should reflect the good upbringing they have had. They should show respect for the property, rights, and privileges of others, just as they expect and appreciate this respect from others. Students are responsible to the school authorities and teachers for their conduct while they are a school citizen. Good behavior can help make school life a happy and rewarding time.

Student conduct at all Garaway Elementary Schools is a reflection of their school. We expect them to be worthy of the respect of others at all times. We want our students to be proud of their school and their fellow students, and we want to be proud of them. The following code of conduct is designed to help the students meet these expectations.

## **Behavior Code of Conduct**

The following types of prohibited conduct apply to all Garaway students, either resident or vocational, not only during school hours and on school property, but at any school-sponsored activity, home or away, and on school transportation to and from school or school sponsored activity. Upon a first violation of those rules, the bus driver shall note and report it to the building principal after warning the pupil.

Upon a second violation, the pupil and his parents shall be warned and called into a conference with the building principal.

School authorities shall notify the parents in writing of such action with a full explanation.

### **Walking to School**

When walking to and from school, students are to conduct themselves in a proper and responsible manner. They should show respect for the property, rights and privileges of others. Students are responsible to school authorities for their conduct while they are a school citizen.

### **School/Parent Cooperation**

Parents are encouraged to be active participants in their children’s education. We are aware that we need to work together in order to provide the best education possible for each child. Beginning with Open House and fall parent/teacher conferences, parents are involved throughout the year in the education of their children.

### **Parent/Teacher Conference**

These conferences are designed to provide the parents and teacher an opportunity to discuss together the program and progress of the individual student. The conferences are held at the mid-term and end of the first nine-week grading period. Results of classroom performance, school adjustment, testing and any other pertinent information may be discussed. We also want to emphasize that a teacher or parent may set up a conference at any time during the school year.

### **Midterm Reports**

A mid-term report will be sent home to parents if your child is receiving a C- or below in any of their classes.

### **Testing**

Group achievement and ability tests are administered during the elementary school years. An individual child's group test results may be discussed with parents upon request.

Note: Kdg. – 2<sup>nd</sup> grade has a standards-based report card. There is a key listed on the report card to describe the letters used for grading.

### **Student Records**

Parents may request to view a child's cumulative records file to verify, amend, or contest the accuracy of the data collected in the student's record folder.

### **Parent/Teacher Organization**

Each of the elementary schools has an industrious PTO whose purpose is to produce a better understanding and achieve good cooperation between the home and school. The PTO serves as a support group for the staff and school system. They conduct projects which benefit the students and their classrooms.

All parents are welcome to become actively involved in their school's PTO group as it seeks to enhance the welfare and the education of children.

### **Volunteer Aides**

There are many opportunities in the schools for adults to share their experiences and knowledge with the students. The curriculum covers a wide variety of topics in the educational program. Human resources are a valuable tool.

Volunteer librarians, room mothers, etc. play an important role in our schools. Persons interested in doing volunteer work should contact the school office.

### **Suggestions For Parents**

For the benefit of children, we at Garaway believe that parents have a responsibility to encourage their child's career in the school by:

- A. Supporting the schools in requiring that the children observe all school rules and regulations, and by accepting their own responsibility for the child's in-school behavior.
- B. Sending the children to school with proper attention to their health, personal cleanliness, and dress.
- C. Reading all communications from the school and signing and returning them promptly when required to do so.
- D. Cooperation with the school in attending conferences set up for the exchange of information on the child's progress in school.
- E. Maintaining an active interest in the student's daily work and making it possible for the student to complete assigned homework through providing a quiet place and sensible conditions for study.
- F. Setting a good example for your child. Reading to your child and having the child read to you.
- G. Helping your child learn to take responsibility and become organized. Helping your child keep an assignment notebook.
- H. Helping your child to develop positive self-esteem and applauding successes rather than belaboring failures.
- I. Encouraging your child to play and share with other children.
- J. Teaching your child simple safety rules for home, on the bus, walking to school or during school.
- K. Starting your child to school right with a good night's rest, a good breakfast, and by making sure your child is properly dressed according to the weather.

**BOARD OF EDUCATION  
GARAWAY LOCAL SCHOOL DISTRICT**

**STUDENTS  
5517.01**

## **BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR**

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means any intentional written, verbal, graphic, or physical act that a student or group of students exhibits toward another particular student(s) and the behavior both causes mental or physical

harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s). Aggressive behavior is defined as inappropriate conduct to negatively impacts a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats and hazing.

Harassment, intimidation, or bullying also means electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. Where appropriate, written witness statements shall be taken. If the investigation finds an instance of harassment, intimidation, and/or bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Making intentionally false reports about aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

At least once annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents. The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notice of this policy will be posted in conspicuous locations in all school buildings and departments within the District and incorporated into the teacher and student handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building.

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying in general, will be age and content appropriate.
